Traffic access & construction (for example important local roads)

Land use and agriculture

Flood risk

Noise

Tourism & recreation

Other

(please provide details of any other aspects that are of importance to you or your local community)

East Aberthaw Solar Farm Community Feedback Form

We believe it is right that the community closest to a solar farm is able to benefit from it. We will work with Community Councils or a Community Foundation to help facilitate or directly deliver these benefits.

If you have an idea for a sustainable, locally based scheme or project, please provide any suggestions below.

These could include:

- New wildlife habitats /environments
- Funding to support local community groups or projects (please describe the project and / or name of the local community group)
- Incorporation of recreational improvements in our design (i.e. new footpaths)
- Educational areas in proximity of the site
- Site tours for the community and/or schools
- Working with local schools
- Other (please specify)

Leave comments here

Please share your overall comments on our proposals to develop East Aberthaw Solar Farm.
